Q29: Any final comments, suggestions, or compliments?

Thanks to the Green Pearl team for going above and beyond in creating such an invaluable event. Would it be possible to have shorter events vs all day? How can we have an interactive session to engage the audience more? Only issue was on the main floor, having the exhibit area next to the speakers was abit noisy to the audience as there were not doors to block out the feedback from those who were networking. Perhaps consider separating display from speaking area when noise cant be controlled.
